

Friends of Hue Outdoor Switch

Whether you like to spend time on your balcony or in your garden, the water resistant Friends of Hue outdoor switch from Senic gives you and your loved ones simple control over Philips Hue devices. Create the perfect outdoor lighting mood for every moment.

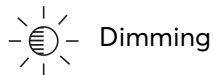

Control with ease

Trigger your Philips Hue lighting with a simple click:

On / off

Dimming

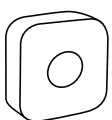

Trigger Scenes

Control multiple groups

Simple setup

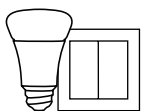

1. Connect

Connect the Friends of Hue Smart Switch directly to the Philips Hue Bridge V2 using the Philips Hue App.

2. Customise

Set preferences for which groups you want to control and which functions should be triggered with each button.

3. Enjoy

Put away your smartphone and experience seamless control throughout your home.
