Video Monitor

CFH-V20

CLASS DEFINING VERSATILITY

The KODAK Video Monitor CFH-V20 boasts an expansive 180° field of view so you can see the entire room, Wide Dynamic Range (WDR) to automatically correct scenes with extreme lighting conditions, and a detachable USB camera for greater mobility. Check in on loved ones with smooth HD streaming video, crisp two-way audio, and automatic night vision using the free iSecurity+ app (iOS, Android). Equipped with motion detection, the KODAK Video Monitor CFH-V20 automatically records and stores video clips in the cloud for up to 24 hours and sends mobile notifications to your smartphone or tablet so you know what's going on (premium storage and smart detection plans available for purchase). A built-in WiFi extender and internal antenna expands your existing home network coverage, and integration with the IFTTT (If This Then That) iSecurity+ Channel lets you connect the V20 WiFi camera with other devices or apps for more automation. With the KODAK Video Monitor CFH-V20, you'll always stay close to home.
