Instructions

Serve the food gradually during the transition from the pet's previous food, straight from the bag or rehydrated according to the rationing table printed on the bag. Daily amounts need to be adjusted according to the animal's breed, weight and activity. Provide plenty of drinking water. The opinion of a nutrition expert or veterinarian should be sought before using the food or before extending its period of use. To obtain the best results, ensure that the recommended daily quantities are complied with and do not give the animal any other food. Recommended length of time: 3 to 8 weeks, if signs of intolerance disappear this feed can be used indefinitely.
